Note: the moderate mountain bike trails are considered moderate for experienced mountain bike riders, novices should use extreme caution. The Chinquapin Mtn. Bike Trail is not on the day use map.

Lessening User Impact

- > Limit the size of groups. Split into two or more groups.
- > Keep noise to a minimum.
- > Pack it in, pack it out. Bring extra (or used) plastic bags for trash, litter, toilet paper, etc.
- > Dispose of all trash properly (in a receptacle). Hiding trash isn't disposing of it properly. Cigarette butts are trash.
- > Do not throw anything off overlooks.
- > Walk in a single file.
- > Stay on the trail.
- > Do not short cut.
- > Collecting of plants and/or animals is prohibited.
- > Dispose of human wastes properly - at least 200 feet from any surface water, all paper products need to be packed out.

WARNING
All trails lead to wilderness areas. There are high cliffs, loose rocks, water, poisonous snakes and plants, and other dangers associated with wilderness areas. Please use extreme caution and respect the dangers. Obey all signage. Do not leave children unattended at any time.

Enjoy the Park,
join the friends!

Volunteers help maintain the Park's trails. It's fun and gives a little bit back to the Park. Get involved!

Please collect litter, not plants or animals.
